

Alston Medical Practice

Memory Tree

We are hoping to create a memory tree at the surgery in remembrance of members of the Alston Moor community who have passed away.

There is a cherry tree growing in a nice area and we are planning to hang some small slates from its branches with ribbons– each slate will have the person's name on it and perhaps a few words too.

We will also be looking to get some solar powered lights/lanterns for the tree. We would welcome other suggestions!

There are many windows looking out onto the tree, including the dining room at the social day unit. Ultimately, we would love to get a small bench so that people can sit under the tree if they wanted to.

The slates, ribbons and materials for writing on the slates will all be provided for free.

If anyone would like to contribute towards them then a small donation to the social day unit would be appreciated

Either we can write on the slates or people can come and decorate them themselves.

If anyone would like us to hang a slate in memory of a loved one, please do let us know.

We hope that this will be a lovely way to remember people
